Sliding Scale CSA Option

We are excited to continue offering a reduced cost CSA share option for the 2018 season. It is important to us to help make high quality, nutrient dense, certified organic vegetables accessible to as many members of our community as we can. The sliding scale is a way for members to support each other and helps us to achieve our goal to make our produce available to everyone. This is a pay what you can model, so while we feel that our prices are fair, we do not want be out of reach for anyone wanting fresh, wholesome produce. So, if you are able to, please consider paying a little extra.

If you're budget is tight and you would like help affording your share, please contact us to see what sliding scale funds we have available. Since 2013, between donations and work commitment opt-out fees, our members raised over \$3,500 for our sliding scale fund to help make our shares more accessible. To those members who donated extra funds, we are so grateful.
